Dear Jim,

PM 1522 - Protection in Eastern Europe

Following my general letter on the situation in Eastern Europe dated 19th May I have checked the position on PM 1522 and find that we have filed this case in most of the available countries in the old Soviet Union. The position in Estonia is still very uncertain but we have done all we can. The one major country which still seems to be outstanding is Belarus. It is my understanding that a Russian application can be re-registered there if we act before 5th August.

Bearing in mind the difficulties of communication and the uncertainties as to the local rules we would need your very early instructions if you wish to proceed in this country.

Yours sincerely,

P.a.Smith
